

DMVO virtual meetings 2021

DMVO is planning a series of online meetings in 2021, which you are invited to join. The purpose of the meetings is to keep DMVO's stakeholders informed of new updates on the DMVS verification system, alarm procedures and alarm handling, etc.

The meetings will be held via Teams. If you are interested to participate, kindly send an email to info@dmvo.dk. Please state the topic of the meeting and the participant's name(s) and email(s) as DMVO will send an invitation directly.

The meetings will be held over the coming months and will cover several topics, such as:

11th of February 2021, 08:30 - 09:15

Experiences, challenges & processes in relation to FMD

In the occasion of the birthday of FMD, DMVO has invited a few stakeholders to share their experiences, challenges and processes with the participants of this meeting.

The meeting will serve as a bouquet of insights and participants are welcome to ask questions.
