# ALARMTYPER: A2 - BATCH NOT FOUND

- Caps Lock tændt (efter brug af genvejstast alt+tab til skift mellem åbne vinduer)
- Forkert scanner

The screenshot shows the 'nmvs connect' web application interface. The top navigation bar includes 'Verification', 'History', 'Help', 'Settings', a user profile icon with '169', and a 'Logout' button. The main heading is 'Verification'. Below this, there is a 'Scanner cursor' input field with a red 'X' icon. The 'Scanner mode' is set to 'NO' (radio button selected), with a 'GTIN' dropdown menu. There are input fields for 'GTIN / NTIN:', 'BATCH NO.:', 'SERIAL NO.:', and 'EXPIRY DATE:'. On the right side, there are radio buttons for 'VERIFY', 'SUPPLY' (selected), 'MARK AS SAMPLE', 'MARK AS DESTROYED', and 'REACTIVATE'. A green 'SEND' button is located below these options. A red error message box is displayed, stating: 'NMVS Response message: The batch identifier mismatches the recorded batch identifier. An alert has been raised. Alert Id: DK-L2R-GLJ-D1S-3HB-89S'. Below the error message, it shows 'Scanned packs: 2/100' and a table with the following data:

| Item | GTIN / NTIN | Batch No.           | Serial No. | Expiry Date | Status |
|------|-------------|---------------------|------------|-------------|--------|
| 2.   | FG5R00WCAG  | 02.02.2021 13:33:45 | null       |             |        |
| 1.   | 1WL800JM2T  | 02.02.2021 13:33:06 | Supplied   |             |        |

At the bottom right, there is a 'Prepare Aggregation list' section with a 'Name' input field, a 'Save' button, and a 'Stored lists' dropdown menu.

The image features a blue gradient background with white circuit-like lines in the corners. These lines consist of straight paths that branch out and terminate in small circles, resembling a stylized PCB or network diagram. The lines are located in the top-left, top-right, bottom-left, and bottom-right corners.
